

# Dairy Knowledge at your Fingertips – Atlantic Edition

January 2020

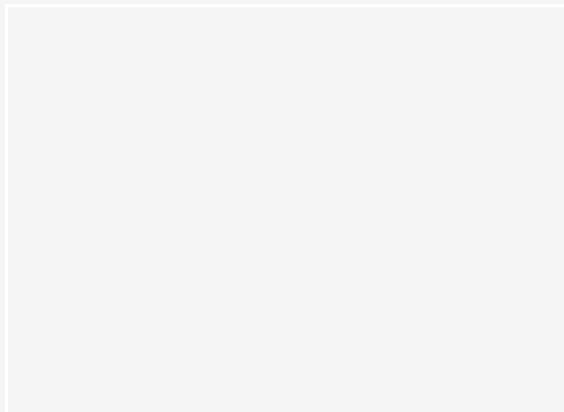

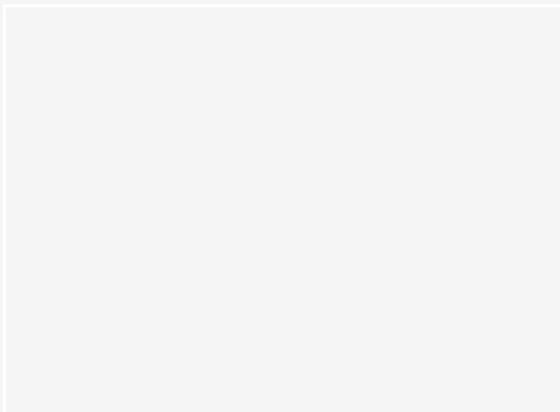

## MILK RECORDING

### **Genetic selection of females: Five benefits to choosing milk recording for your herd.**

It has long been recognized that milk recording provides essential data to improve the genetics of a herd. However, major changes in milk production over the past decade, such as the introduction of genomics and automated milking systems, are challenging this fundamental element.

**WE ARE LACTANET!**  
**In this edition: Spotlight on Yvonne Maclsaac - Dairy production technician in Nova Scotia**

At Lactanet, our employees are our most valuable resource and we value their contribution.

In this series, we wanted to present the profiles of some of our Atlantic Canada Lactanet staff so you can get to know them a little bit better.

This month, the spotlight is on Yvonne Maclsaac, Dairy production technician providing service to Nova Scotia dairy producers.
